Mr R Gingell	-	Trustee
Mr R Smeda	-	Complex Manager
Mr D Drysdale	-	Managing Agent

Security

The electric fence was active although beams were not working. The fence has been cleared of creepers and branches.

The Beans have been very problematic and it is not cost effective to have them repaired and or replaced,

It was confirmed that unit owners were responsible for the security of their own units. Each Unit owner may contact the Vaal Marina Security Centre and have a security system fitted at their cost.
